## **Prequalification for Consulting Services for Project Implementation and Accompanying Measures**

### **Wastewater Collection and Treatment Zenica**

#### **Tendering Agency:**

The Employer is the City of Zenica, which acts as Project Executing Agency.  
The Employer is represented by a Project Implementing Unit (PIU):

PIU - WASTEWATER %IK+ZENICA  
Bistua Nuova 17  
BA-72000 Zenica

#### **Tender Agent:**

Mr. Stefan Meschke  
Am Kranen 6  
96049 Bamberg, Germany  
E-Mail: s.meschke@eng-ms.de

#### **Programme Measures:**

The Project concerns the environmentally sound and hygienic disposal of municipal wastewater of Zenica to affordable costs. The purpose of the Project is to ensure the collection, transmission and treatment of municipal wastewater of the city of Zenica. This is to contribute to the improvement of living conditions of the population and to the protection of the environment, specifically the river Bosna and its tributaries in Zenica and downstream of the river.

The overall investment volume under the project is approx. EUR 19.3 million (including consulting services and contingencies).

The project envisaged measures comprise of the following components:

- Construction of a mechanical-biological wastewater treatment plant for a nominal treatment capacity of 80,000 people equivalents (PE), including sewage sludge treatment and disposal (with particular focus and under consideration of latest energy efficiency standards and technologies);
- Extension and rehabilitation of sewerage network and main collectors;
- Integrated urban development of Zenica comprising a bike lane along river Bosna.

**Requested Consultant Services:**

The PIU/PEA is seeking to engage a qualified consultant to perform the following services for the implementation of water supply and wastewater disposal systems:

- Overall management of the project
- Detailed design, tendering
- Construction supervision
- Assistance to the PEA during Defects Notification Period
- Accompanying measures for support of the PEA and PUC (Public Utility Company ViK Zenica)

The start of consulting services under the project is planned for the fourth quarter of 2019.

The planned duration for design and tendering is 12 months and for the construction supervision period 36 months (plus further 12 months Defects Notification Period).

Services are to be provided by a team of sector and subject related experienced international and local experts. The consultant firm shall fulfil its tasks and services largely in Bosnia and Herzegovina. The nominated team leader/resident engineer will be responsible for ensuring a well-planned, coordinated and effective internal and external interaction with all concerned participants in order to ensure a timely and successful elaboration of services. Apart from technical qualification, key staff should have adequate experiences in regional, social and other non-technical issues.

All the consulting activities shall be carried out in close cooperation with the PIU and shall take due account of the programme aims and relevant KfW guidelines.

The prequalification procedure of experienced Consultants will follow the KfW %Guidelines for Consulting Services, Works, Plant, Goods and Non-Consulting Services in Financial Cooperation with Partner Countries+, which are available on KfW's internet web-site (version January 2019):
